

## SEVEN HILLS SUITES A PAX PROPERTY

### Southern Charms, Modern Comforts & Exceptional Value Await at The Seven Hills Suites - Tallahassee's Newest Boutique Hotel

From the moment you walk into the Seven Hills Suites, you know you've come to a special place. Renovations are almost complete as we get ready to celebrate our grand opening this Fall. We've added modern comforts while staying true to the property's southern roots. The reception building, a former lodge, is the first jewel you'll discover as you arrive.

Concept

Pax Hotel Group owner, Justin Ford, fell in love with the former Cabot Lodge's southern charm but had a contemporary modern design in mind. Seven Hills' guests will soon be enjoying a glass of wine or craft beer while sampling from our small bites menu sitting by the fireplace, or perhaps by putting their feet up on the back porch overlooking the new pool, patio, outdoor fireplace and pergola.

At Seven Hills Suites, you'll find each room and suite equipped with the modern conveniences you'd expect... plus personal touches that go far beyond anything you'd expect at a hotel this affordable. From custom-made plantation shutters and wood-plank-style porcelain tile floors to in-house built, hand-painted double-sink vanities, blizzard white quartz countertops, European style kitchenettes with full-sized fridges and high-end custom Murphy beds in our two-room suites.

This Fall, Pax Hotel Group, is celebrating the grand opening of its newest hotel, The Seven Hills Suites. Pax Hotel Group is no stranger to acquiring older hotels and turning them into award-winning properties. The Melbourne All Suites Inn, Pax's first complete renovation, has won the TripAdvisor Award of Excellence every year since opening in 2017, and a Brevard Beautification award. The presenter stated that "[Pax]took a rundown property and transformed the business inside and out . . . giving life" to the property with carefully thought out touches, such as ingeniously irrigated hanging plants, greatly increased green space, stunning design elements and restorative public spaces. Melbourne All Suites Inn - Award Presentation

One of the distinguishing characteristics of the Pax Hotel Group, according to owner Justin Ford, is that Pax aims to deliver extraordinary experiences to people of ordinary means. "Luxury is no longer only for the rich," he says.

"Look, if you book a room at a luxury hotel for \$500 a night, you better get great service and the very best amenities. But when you book a room in the \$80 to \$120 range, oftentimes you're rolling the dice. Not with Pax. Our goal is to deliver the best rooms and amenities in our price category by far... and the best service, bar none."

"The fact is, you shouldn't have to spend hundreds of dollars a night to be greeted with a genuine smile, expect and receive clean rooms and feel welcome and at home in a place that is fun, has its own personality and is comfortable."

The Pax Hotel Group painstakingly invested in every detail so that your stay can be as enjoyable as possible. General Manager Todd Middleton would love to have you join us on one of our personal pre-opening hard hat tours and see for yourself why The Seven Hills Suites may be the next best thing to home.
